MONTHLY TECHNICAL PROGRESS REPORT

February 1-28, 2022

Children's Environmental Health: A Workshop to Identify Future Priorities
Board on Population Health and Public Health Practice
Health and Medicine Division
National Academies of Sciences, Engineering, and Medicine

Work accomplished since project inception to to-date:

- NASEM staff held a kick-off meeting with EPA staff to discuss the project goals, schedule, and process plans.
- A call for planning committee nominations was announced to EPA and several National Academies listservs and email lists, such as the Board on Population Health and Public Health Practice, the Board on Environmental Studies and Toxicology, and the Standing Committee on Emerging Science for Environmental Health Decisions, and the Environmental Health Matters Initiative.

Work accomplished during the month:

- NASEM staff held a kick-off meeting with EPA staff to discuss the project goals, schedule, and process plans.
- A call for planning committee nominations was announced to EPA and several National Academies listservs and email lists, such as the Board on Population Health and Public Health Practice, the Board on Environmental Studies and Toxicology, and the Standing Committee on Emerging Science for Environmental Health Decisions, and the Environmental Health Matters Initiative.

Anticipated work during the following month:

- Create workshop webpage and post planning committee
- Hold kick-off meeting and bias and conflict of interest discussion with the planning committee
